BRYAN IN BIRMINGHAM

Nebraskan Royally Entertained In Alabama City.

HE MADE SEVERAL SPEECHES

Grand Banquet Was Given Thursday Night at Which Covers Were Laid For Four Hundred Guests—Many Prominent People Were Present.

Birmingham, Ala., Jan. 24.—Hon. William Jennings Bryan, of Nebraska, arrived in Birmingham from the city of Nashville, Tenn., at 8:30 a. m. Thursday, and was met at the depot by a large delegation of citizens.

A committee of twenty met him some distance up the road. Mr. Bryan with Hon. Judson Harmon, of Ohio, were joined by representatives of the Bryan club when they struck the state line. Mr. Bryan made short talks to the people at Cullman and Blount Springs.

Mr. Bryan and Mr. Harmon came to the city of Birmingham at the invitation of the Birmingham Board of Trade. Mr. Bryan spoke at the Bijou theater Thursday morning and at night at a banquet at the Hillman hotel.

W. S. Jackson, attorney general of New York, was also one of the invited guests for the banquet. Covers were laid for four hundred. Politicians and leading citizens from all parts of the state, including almost all the state officials, participated in the demonstration to the visitors.

BLACK HAND AGAIN ACTIVE.

Outrage Believed To Have Been Perpetrated by Them in Chicago.

Chicago, Jan. 24.—After several weeks' silence the Black Hand criminals, charged with bomb throwing, sallied forth Wednesday night and enlivened things in the vicinity of Polk and Clark streets.

A supposed dynamite bomb was exploded in the rear of a barber shop at 145 Polk street, which building adjoins the saloon of Patrick O'Malley.

The concussion was terrific, but the only damage caused was the breaking of windows above the saloon and barber shop and also the rear windows of a small frame structure adjoining.

Owing to O'Malley's alleged identification with gambling characters in the past, the police were of the opinion that the bomb was aimed at him. While investigating the matter detectives were given information that in their eyes put a different aspect on the bomb throwing.

It is said that the proprietor of the barber shop, a Syrian, has recently received several blackmailing letters, but he paid no heed to the writer's demands for money. In the last letter, which he received early this week, he was threatened with harm.

WON FORTUNES, DIED PAUPER.

Death of James Ullman, the Well Known Racing Man.

New York, Jan. 24.—Joseph G. Ullman, the well known racing man, died in a sanitarium at Amityville, L. I., as the result of paralysis from which he suffered for nearly a year.

"Joe" Ullman and his two brothers were known as among the most successful bookmakers in the country and their operations extended from one coast to the other. Although Ullman won several fortunes he lost them again and it is said that he died almost penniless. His last venture was the backing of an opera company in which he is said to have lost $45,000.

Lyon Wants To Be Delegate.

Cartersville, Ga., Jan. 24.—Captain Thomas J. Lyon, of this city, has announcer his candidacy as one of the delegates from the state at large to the national democratic convention, to be held at Denver, Colo., July 7, 1908.

Employees Given Free Rent.

Montgomery, Ala., Jan. 24.—Cotton mills at Lanette and Athens, Ala., that are shut down or on short time for the time being, have given free house rent to all employees who can get other work and chose to stay.

PROGRESS OF THAW TRIAL.

Case Will Probably Be Placed in the Hands of Jury Next Week.

New York, Jan. 24.—The end of the second trial of Harry K. Thaw, who is charged with the murder of Stanford White, is in sight.

The greater part of the evidence in the case is now in the hands of the jury and save for the technical evidence of the alienists, practically all the testimony that the defense is expected to offer has been given. Two or three physicians who attended Harry Thaw at various times in Europe are expected to testify, their stories having been promised by Mr. Littleton when he opened the case. There will necessitate some little delay.

Alienists will be called upon to express an opinion as to Thaw's sanity at the time he fired the shots that cost Stanford White's life. Unless the defense has some surprise in store, which is not thought likely, this evidence will end the case, so far as the defendant's side is concerned.

It is not known what District Attorney Jerome and Assistant District Attorney Garvin expect to offer in the way of testimony in rebuttal, but it is not expected that they will have many witnesses. There is now little doubt that the case will be placed in the hands of the jury by the latter part of next week.

RAILROAD EARNINGS IN GEORGIA.

Reports Just Filed with the Railroad Commission of the State.

Atlanta, Jan. 24.—According to reports which have just been filed with the railroad commission the net earnings of all the railroads in Georgia for the fiscal year ended June 30, 1907, aggregated $8,720,075.55, as compared with $10,359,490.11 for the fiscal year ended June 30, 1906.

The gross earnings for 1907 were greater than those for 1906, but so great had been the increase in operating expenses that the net earnings dropped nearly $2,000,000.

The gross for 1907 was $40,697,737.42, with operating expenses of $32,028, 531.83, as against total gross of $37,106,556.77, and operating expenses of $26,833,704.59 for 1906.

The Atlanta and West Point was the best money-earner during the year, showing net earnings of $4,872.40, while the smallest among the larger lines was the Louisville and Nashville, with only $193.54 per mile.

FISTS USED FREELY.

Lively Combat Occurred as Funeral Was Passing at Statesboro, Ga.

Statesboro, Ga., Jan. 24.—As the funeral procession of Mr. B. E. Turner was passing Wednesday a lively fisticuff was engaged in. The combatants were Professor F. A. Brinson, principal of the Statesboro Institute, and Mr. D. C. McDougald.

It is understood that Professor Brinson whipped the child of McDougald, and sent it home. The father did not like the action of the principal, and when school recessed for dinner met him near the center of the city and asked for an explanation. Brinson said he had a right to whip the child. One word brought on another, and finally the lie was passed and blows resulted. Several hard licks were exchanged before friends interferred. The episode has caused much comment on the streets, but the sentiment seems to be in favor of the principal.

Agree on Trustees.

Birmingham, Ala., Jan. 24.—It is learned that the creditors of the Southern Steel company, which was declared bankrupt, have virtually agreed on the three trustees to be elected on Feb. 3 to conduct the company's affairs. The men tentatively agreed upon are J. E. Collins and W. H. Hassenger, of Birmingham, and J. S. Kyle, of Gadsden. All are prominent in business affairs of Alabama.

Hartwell Store Robbed.

Hartwell, Ga., Jan. 24.—The clothing house of Myer Haul was burglarized Monday night. It was estimated that several hundred dollars' worth of goods were stolen. The entrance was obtained through a plate glass front. Several matches were struck in the store. No clew to the criminal has been found. A reward will be offered.

REPORT ON COTTON

Number Bales Ginned of Growth of 1907 to Jan. 16.

CENSUS BUREAU STATISTICS

Report Shows that 10,337,607 Bales Were Ginned as Compared with 12,176,199 for the Same Period the Year Previous.

Washington, Jan. 24.—The census bureau has issued a report showing that the total amount of cotton in the United States ginned from the growth of 1907 to January 1, was 10,337,607 bales as compared with 12,176,199 bales for the same period in 1906. The total number of active ginneries was 27,370. In this bulletin round bales are counted as half bales.

The number of round bales included is 187,562 for 1908; 258,717 for 1907 and 270,660 for 1906.

Sea Island included 80,187 for 1908; 56,325 for 1907, and 104,710 for 1906.

The distribution of sea island cotton for 1908 by states is:

Florida, 27,421; Georgia, 40,436, and South Carolina, 12,330.

There were ginned 9,951,505 bales to Jan. 1, 1908.

The percentage of the crop ginned to Jan. 16 was 93.8 for 1907 and 95.2 for 1906.

POLICE CHIEF RESIGNS.

Charges Pending Against Officials at New Orleans, La.

New Orleans, La., Jan. 24.—Inspector E. S. Whitaker, head of the New Orleans police department, has tendered his resignation to the board of police commissioners. Charges of shooting with intent to kill and of malfeasance pending against the inspector induced his resignation.

The resignation was accepted and Captain William J. O'Connor was elected to the vacancy. Mr. O'Connor has been prominent in the detective work in this city.

The charges against Whitaker grew out of his sensational attempt to avenge an alleged personal insult a week ago. Accompanied by five detectives he entered the newspaper office of J. M. Leveque, who had that day published an editorial calling him opprobrious names. The inspector struck the editor in the face and fired two shots, claiming that he thought Leveque was drawing a pistol.

Whitaker was arrested the next day, charged with attempted killing, and released on bond. His trial for malfeasance was set before the board of police commissioners for Friday.

URGENCY DEFICIENCY BILL.

Reported to the House by Chairman Tawney—Carries $24,174,000.

Washington, Jan. 24.—Chairman Tawney, of the committee on appropriations, has reported the urgency deficiency bill.

The bill carries a total appropriation of $24,174,450, including the following items:

Treasury department, $1,688,337; District of Columbia, $304,174; back pay and bounty claims, $300,000; naval establishment, $1,611,780; department of the interior, $344,647; department of commerce and labor, $553,900; United States courts, $904,039; postal service, $1,605,851; isthmian canal, $12,178,900; house of representatives, $79 752; judgments, court of claims, $87,509; audit of accounts, $292,018. The total amount recommended is $784,905 less than the total sum of estimates presented to and credited by the committee.

Including in the $24,000,000 total is an appropriation of $200,000 to carry forward through the months of May and June, 1908, the work of eradicating bubonic plague in San Francisco.

Found Dead in His Bed.

Pittsburg, Jan. 24.—John B. Larkin, comptroller of Pittsburg, and formerly postmaster, was found dead in bed at his home Wednesday. His death was due to asthma. His sudden death caused surprise, as it follows closely the deaths of many prominent Pittsburgers.

EUFAULA WOMAN IS FREED.

Was Given Preliminary Trial for the Killing of William Jones.

Eufaula, Ala., Jan. 24.—Callie McLaughlin, charged with the killing of William Jones, who forcibly entered her house by breaking down the front door Monday night, was discharged. She was given a preliminary hearing before Judge L. J. Clayton.

Her statement was substantially the same as given when she surrendered to the chief of police. She said she admonished the man that she would shoot him if he broke open the door, and his response was that he could shoot as quickly as she could. Her evidence was corroborated by eye-witnesses.

It was further developed that mob violence had been threatened her, and that she was not desired in the neighborhood. The judge said that she had a right to protect her person and property, and that mob violence and personal threats was not the proper course to pursue. Conservative citizens agree that the verdict was the only correct one under the circumstances. Jones' remains were interred here. His wife is prostrated.

WINE IS NOT ILLEGAL

When Served at a Banquet Says Attorney Mayson of Atlanta.

Atlanta, Jan. 24.—Following the "sparkling" banquet given by the Virginia Society of Atlanta, at the Piedmont hotel Monday night, where wine flowed as freely as wit, City Attorney Mayson has been asked whether the state prohibition law has been broken by this service.

He has stated that the law was not broken.

The question has never been put up to him officially, but in course of a conversation Mr. Mayson, who was the president of the Anti-Saloon League of Atlanta during the prohi campaign, states that serving wines by private parties, at private affairs, cannot be construed as being against the law, and has so stated.

Each, he holds, is private, and that the law recognizes the right of a private party to serve wines in his private home.

This unofficial opinion, following a wine-serving banquet in a prohibition state, will doubtless serve as a precedent for future reference.

MOB'S VICTIM DIES.

After All Man Who Was Lynched Succumbs to Wounds.

Dothan, Ala., Jan. 24.—Grover Franklin, the negro who was the victim of a mob here Sunday night, but rescued alive and taken back to jail, died Wednesday morning as a result of the wounds inflicted by the members of the lynching party. After the negro was taken back to jail, fatal punctures in the kidneys were found.

A riot was almost brought about by the impudence of a negro to some white men. They shot at him several times, but he escaped and the sheriff has not been able to find out the names of the parties. The feeling against the negroes is high, as a result of the shooting of A. C. Faulk, for which Franklin was mobbed.

Confinement Affecting Mind.

San Francisco, Jan. 24.—City Physician James T. Watkins has reported to Sheriff Dolan that confinement is affecting the mind of Walter J. Bartnett, who is in jail and under indictment on charges growing out of the failure of the California Trust and Safe Deposit company. Sheriff Dolan announced his intention of having the prisoner examined at once by expert alienists. In the opinion of Dr. Watkins, it may become necessary to give Bartnett a short period of freedom to save him from insanity.

Sanitary Precautions Taken.

Minneapolis, Minn., Jan. 24—In order to prevent the spread of scarlet fever, the board of education at a special meeting Wednesday decided to burn at least 750 text books in use in the Kenwood and Douglass schools. Though there are only thirty-six cases of scarlet fever in the city, according to Dr. F. M. Hill, of the health department, the appearance of the disease among school children has alarmed parents.

MURDER AND SUICIDE

Sensational Tragedy Occurs In a Broadway Restaurant.

WITNESSED BY BIG CROWD

Woman Puts Five Bullets Into Body of Frank Brady, Newspaper Solicitor, and Then Turns Weapon Upon Herself—She died at the Hospital.

New York, Jan. 24—Several hundred persons, most of whom were women shoppers, witnessed a murder and suicide in the restaurant of a large Broadway department store on Wednesday.

Frank Brady, an advertising solicitor for a newspaper, was shot five times and instantly killed by a woman whose name is believed to be Mary R. Clark, of 219 West One Hundred and Thirty-third street. The woman then shot herself and died in the hospital to which she was taken.

Mr. Brady was sitting at a table in the restaurant on the eighth floor of the department store and the large room was crowded with shoppers and employes of the store who had gone there for lunch. The woman appeared at the table where Mr. Brady sat and fired five shots from a revolver into his neck, face and chest.

Drawing another revolver from her muff, the woman quickly fired three shots into her own breast and fell backwards to the floor.

Witnesses to the shooting sat transfixed until the last shot was fired.

Brady was dead when they reached him, but the woman was still alive, and was hurried to a hospital, where she died within a short time.

Besides the two revolvers used in the shooting, a third revolver, fully loaded, was found concealed in Mrs. Clark's muff after the shooting.

The shooting was the culmination of a series of violent quarrels, and, according to the woman's intimates, in fulfillment of a threat to kill Brady in a public place.

A note found in the woman's purse proved her to be Mrs. Mary Roberts Clark, a manicurist, the widow of a police officer and stepmother of a 6-year-old son, Raymond. Brady was 30 years of age, and the sole support of a helpless, aged mother, for whom he had made a home.

SAVED LIVES, BUT TAKES OWN.

Lonely Life of Lighthouse Tender Unbalanced His Mind.

New Haven, Conn., Jan. 24—Nils Nielsen, light tender at the lighthouse on the New Haven breakwater, committed suicide by cutting his throat. He had tried to kill himself twice before, but was prevented by his assistant.

He had a reputation as a hero, having saved a number of lives by daring rescues during storms in Long Island sound. Two years ago he received a medal from congress for heroism. It is thought that the lonely life in the lighthouse unbalanced his mind.

Found Dead; Wound in Heart.

Charlotte, N. C., Jan. 24.—The dead body of Thomas Furr, 18 years old, was found a short distance from his home in Union county Wednesday morning with a gunshot wound in his heart. Young Furr left home early in the evening riding a mule. The animal returned late at night, riderless, with blood on the saddle. A search revealed the murdered body in a field and later Furr's gun, together with blood-stained garments, were discovered in the cabin of Susie Watts, a negress, near the scene of the crime. The woman, together with a negro man, Charles Stratford, were arrested, charged with the murder.

Former Congressman Dead.

Norfolk, Va., Jan. 24.—George D. Bowden, republican national committeeman from Virginia, former member of congress and clerk of the U. S. court for the eastern district of Virginia, died at his home here on Wednesday. The deceased was fifty-three years of age. Mr. Bowden was a member of the [illegible] congress.

FEDERATION LABOR CLOSED ITS SESSION

Interesting Session of Three Days Come to End Friday Noon.

MANY DELEGATES PRESENT

President Max P. Moritz Was Unanimously Re-elected President, While the Game Honor Fell to Secretary-Treasurer Roberts.

After a most interesting and beneficial session of the Florida State Federation of Labor, which has been in convention in this city since Tuesday, the meeting has adjourned, all business of the Federation having come to a close at noon Friday.

This proved one of the most successful State conventions the Federation has ever held, and, notwithstanding that the attendance was not as large as had been anticipated, the delegates got down to work, and accomplished a great deal. There were more than fifty present, but this number should have been exceeded. Among those here, however, were the leading advocates and supporters of organized labor of Florida, representing every branch of that profession which keeps the world and the government on its feet, so to speak.

The meeting was called to order Friday morning at 9 o'clock by President Max P. Moritz, which was followed by the roll-call.

After a few reports by special and standing committees, the election of officers for the ensuing year was held, which resulted as follows:

Max P. Moritz of Tampa was unanimously re-elected; James E. Goddard of Tampa, first vice-president; George Ross of Jacksonville, second vice-president; W. C. Cooper of Jacksonville, third vice-president; Mrs. Jennie Williams of Palatka, fourth vice-president; W. M. Boynton of Tampa, fifth vice-president; C. R. Pettis of Tampa, sixth vice-president; R. L. Harper of Jacksonville and G. P. Bradford of Tampa, vice-presidents at large; J. A. Roberts, who has served the State Federation so faithfully for the past several years, was unanimously re-elected as secretary-treasurer; delegate to A. F. of L. convention to be held in Denver, Colorado, J. F. Bartlum of Tampa; delegates to immigration convention to meet in Tampa during the State Fair, John H. Pomar of St. Augustine, J. J. Romero and Geo. B. Groves of Tampa.

These officers were duly installed by Organizer S. J. Triplett.

A resolution was presented and passed authorizing the executive board to form a stock company to acquire possession of The Central Union Times and conduct the same as the official organ of the labor organizations of the State.

A resolution of thanks was presented and unanimously passed to Dr. T. F. Thomas for the use of tables during the convention. Resolutions of thanks were also passed to Dr. Thomas P. Hay, pastor of the First Presbyterian church, and Attorney E. G. Baxter for the prayer and address of welcome, respectively, at the opening of the convention.

President Moritz, in his usual clever and impressive manner, presented to Secretary-Treasurer J. A. Roberts in behalf of the delegates, a handsome fountain pen, which was given as a token of appreciation for his faithful and efficient services in office, after which the convention adjourned to meet in Palatka in January, 1909.

The delegates left for their respective homes in the afternoon, well pleased with the State convention of 1908, and the welcome accorded them by the citizens of Gainesville.

BRIEF DISPATCHES.

The Bank of France has reduced its rate of discount from 3½ to 3 per cent.

The battleship Nebraska, under command of Captain Nicholson, has sailed for Magdallen Bay to engage in her first target practice.

C. P. J. Mooney, of Chicago, for the last five years one of W. R. Hearst's managing editors, has resigned. Mr. Mooney will probably return south.

Tsuneji Alba, Japanese vice consul in Portland, Oreg., has been recalled by his government. He will be succeeded by Jokichi Iwaya, former secretary to Consul General C. Koike, at San Francisco.

DON'T BLAME HER

For she cannot help it. Women are often cross, irritable, hysteric, and declare they are driven to distraction at the slightest provocation.

Men cannot understand why this should be so. To them it is a mystery because in nine times out of ten this condition is caused by a serious feminine derangement.

A remedy is necessary which acts directly upon the organs afflicted, restoring a healthy normal condition to the feminine system, which will quickly dispel all hysterical, nervous and irritable conditions. Such is

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

The following letter serves to prove this fact.

Mrs. Mattie Copenhaver, 315 So. 21st St., Parsons, Kans., writes:

"For two years I suffered from the worst forms of feminine ills, until I was almost driven frantic. Nothing but morphine would relieve me. Lydia E. Pinkham's Vegetable Compound brought me health and happiness and made me a well woman."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

TO MEET IN ATLANTA.

Interstate Commerce Commission Will Hold Three-Day Session.

Atlanta, Jan. 24.—The interstate commerce commission will be in Atlanta for three days next month, and will hold sessions in the federal building, the initial session coming on the 7th, and the adjournment on the 10th of February.

Nothing was known officially of the approaching visit of the commission until a telegram was received at the federal building requesting that quarters be reserved for the commission from February 7 to 10.

The members of the commission are Martin A. Knapp, of New York; Judson C. Clements, of Georgia; Francis M. Cockrell, of Missouri; Charles A. Prouty of Vermont; F. K. Lane, of California; E. E. Clark, of Iowa, and J. S. Harlan, of Illinois. The secretary to the commission is Edward A. Moseley, of Massachusetts, while Martin S. Decker, of New York, is assistant secretary.

GOOD ADVICE.

Rev. H. K. Hill Doing Good Work for Negro Race.

On the first day of January, 1908, it was agreed upon by the members of Friendship Baptist church (colored), corner Pleasant and Seminary streets, to engage in a twelve-days' meeting for the purpose of unionizing souls to Christ's Kingdom, thus decreasing the number of bad boys and girls on our streets. The meeting proving so great a success, it was further agreed to continue it for two weeks longer, and great works have been accomplished. We want to get the young men interested in this meeting. We invite you to attend the services, which is now stirring the entire city.

Souls are coming to Christ daily. We ask the hearty co-operation of all the different churches, for where there is unity there is strength. We must bestir and arm ourselves for the ordeals of 1908.

Nineteen hundred and eight has been predicted as a year of sorrow, horrors and catastrophes. There will be weeping and gnashing of the teeth. We that are prepared will surely brave the dangers and overcome all difficulties. Are you right with God? When walking along the streets and see so many young idle men, and listen to their conversations, I feel greatly interested about their conditions. What will these young men's future be? You negro youth who are ruining your lives with riotious living, are you satisfied with the way you are wasting your lives? I think it is time for you to begin life anew. Will you not turn from your sin and accept salvation? A great many of the young men will hardly go to church. Six days is given them, one day for God. Yet they seem to use this day to their hearts' desire, gambling, swearing, prowling and having a big time (as they term it). But never mind, some day God will speak. You will be hurled into eternity before a moment's warning, for the Bible declares the soul that sins shall die. It will come to pass when you will see your mistake, but too late. Begin now, try and be something; show the people of both races, come what may, you will stand for what is right, stand up for truth, morality and purity. Show that you are not a prominent supporter of the jail houses, gambling-rooms, or that gang of loafers who plough the streets daily. Go to work, keep out of bad company, young men. I hope you will realize the situation and come to church; resolving that you will turn from your wicked ways. The world is calling for honest, upright negro men and women who will stand for truth and righteousness. The church wants them, the Sunday school wants them, the merchants, doctors, lawyers, and the schools want them. Uncle Sam needs them. Prepare yourself for the world, and be something more than a criminal. If you will only come to the meetings there is no doubt as to your being saved; fourteen souls have accepted the plans of salvation and turned from the paths of eternal darkness. Won't you come? Everybody is cordially invited, especially the young men of this city. We feel that something must be done before it is too late.

The pastor is Rev. H. K. Hill. A better man cannot be found in Gainesville, a man who believes and preaches the gospel to its highest, and has labored and prayed to save you from eternal ruin, and thus help the town. Decide now who you will serve.

ROBERT G. MURRAY.

The Joy

Of living is to have good health. Use Herbine and you will have bushels of joy. You need not be blue, fretful and have that bad taste in your mouth. Try a bottle of Herbine, a positive cure for all liver complaints. E. Harrell, Austin, Texas, writes: "I have used Herbine for over a year, and find it a fine regulator. I gladly recommend it as a fine medicine for dyspepsia." For sale by W. M. Johnson.

Plain Face?

Your doctor understands the formula of Ayer's Hair Vigor. Ask him about your using it. Do as he says. He knows.

Did nature give you a plain face? What of it? Make your hair so handsome that every one will forget your face. Mirrors then tell only of the softness, richness, and marvelous beauty of your hair. Ayer's Hair Vigor, "the new kind," does not color the hair.

MPLIMENT TO MRS. JEAVONS.

rida Federation of Labor Present- d Her With Flowers and Brooch.

n Thursday evening the Jeavons amatic Company, which has been ying here during the week, tender- the State Federation of Labor, ich has been in session here for past three days, a complimentary tertainment, presenting that thrill- melo-drama, "The Working Girl's rongs."

The delegates to the convention, ore than fifty in number, appreciated ry highly this compliment, and at- nded the performance in a body.

As a further appreciation of the mpliment, at the end of the second ct President Max. P. Moritz of the ederation, than whom there is no core popular labor leader in Florida, dvanced to the stage and asked per- nission of "the privileges of the tage" for a few moments. This was s a matter of course granted, and President Moritz, in behalf of the Federation, and as a token of appre- iation shown that body, presented Mrs. Jeavons with a large, handsome boquet, and also a handsome brooch set with precious stones. President Moritz, who is an interesting talker, delivered a fine address. In present- ng the boquet first, after a few ap- propriate and impressive remarks, he stated that "these flowers, though beautiful and the highest compli- ment which could be paid a lady," would naturally fade. He therefore, in behalf of the Federation, or the delegates present, had the honor to pre- sent something "more substantial, and which would never fade," and pro- duced the brooch.

Mrs. Jeavons responded gracefully to the presentation, expressing her deep gratitude and appreciation. The ceremony, while informal, was full of interest, and was appreciated not only by Mrs. Jeavons, but by the audience as well, who extended the actress and the president great applause.

Death of Geo. Ford.

Friends of George Ford, formerly of this city but later of Jacksonville, will regret very much to learn of his death, which occurred at the home of his son, Fred H. Ford, in Jackson- ville, Wednesday morning.

Deceased was seventy-two years of age, and was well known here, hav- ing resided at the home of his son, 405 W. Court street, for some time. He has been living in Jacksonville about six months.

The body was taken to Conneaut, Ohio, for burial, being accompanied by his son.

The funeral will be held tomorrow afternoon.

FORECLOSURE SALE.

W. R. Thomas Live Stock Company To Have Big Sale February 3.

As will be seen by announcement elsewhere in this issue, The W. R. Thomas Live Stock Company proposes to have an auction, or foreclosure sale, of horses and mules of the T. R. Pickett Lumber Company, on Mon- day, February 3.

The T. R. Pickett Company, who have been doing business in Suwan- nee county, failed recently, and the stock, comprising from 50 to 60 head of fine mules and horses, was reverted to The W. R. Thomas Company by pro- cess of foreclosure. There is in the lot some fine animals, devoted to all purposes, and those in need of a good horse or a good mule will do well to attend this sale, as stock will be sold at auction regardless of cost—the stock has got to move.

Another interesting feature of this sale, which will be held at the stables of The W. R. Thomas Live Stock Company, beginning at 10 o'clock Monday, February 3, will be the man- ner in which the stock will be sold. Any reliable party, who can furnish good security, will be permitted to take the stock on twelve months' time, with eight per cent interest.

Farmers and others desiring a good, useful animal, will find no better op- portunity than this.

COUNTY JUDGE'S COURT.

J. F. Ward Arrested and Placed in Jail on a Serious Charge.

There was an interesting session of Judge Mason's court Wednesday afternoon, when J. F. Ward and Mary Jane Moore, both of Willeford, were arraigned upon a charge of living in adultery.

The case was called and part of the evidence submitted, when further hearing was postponed on account of the absence of other witnesses which it was deemed important to have.

Ward was placed in jail, pending bond, while the woman was released upon her own recognizance to appear at the proper time.

It is said that Ward has a legal wife in the West End, but that he left her and took up his residence with Mrs. Moore.

A PAINFUL ACCIDENT.

Clarence Malphurs, Ten Years Old, Fell in Fire at Hague.

Clarence Malphurs, a lad ten years of age, while playing at his home at Hague with a number of other chil- dren, had the misfortune to fall into the fire, with the result that his face and one arm were badly burned be- fore assistance could reach him.

Young Malphurs was brought to this city the following morning, when Dr. J. F. McKinstry, Jr., dressed the wounds. While painful, the wounds will leave no bad effects, and the lad is expected to be out again in a short time.

THE CHARITY BALL.

This Function Repeated for Benefit of Library Association.

The ladies of the Library Associa- tion repeated the charity ball at the Elks' Home last night, further men- tion of which will be made later.

This function was well attended. Special music was secured, and alto- gether the occasion passed off in a most enjoyable manner.

Census of School Children.

Montgomery, Ala., Jan. 24—By di- rection of a law approved August 14, 1907, every county, city and separate school district in the state must take a census of the children of school age in July of this year and every even year thereafter. The county boards are required to make provision for paying for the enumeration.

How to Avoid Pneumonia.

THE VALUE OF PERSONAL KNOWLEDGE

Personal knowledge is the winning factor in the culminating contests of this competitive age and when of ample character it places its fortunate possessor in the front ranks of

The Well Informed of the World.

A vast fund of personal knowledge is really essential to the achievement of the highest excellence in any field of human effort.

A Knowledge of Forms, Knowledge of Functions and Knowl- edge of Products are all of the utmost value and in questions of life and health when a true and wholesome remedy is desired it should be remembered that Syrup of Figs and Elixir of Senna, manufactured by the California Fig Syrup Co., is an ethical product which has met with the approval of the most eminent physicians and gives universal satisfaction, because it is a remedy of

Known Quality, Known Excellence and Known Component Parts and has won the valuable patronage of millions of the Well Informed of the world, who know of their own personal knowledge and from actual use that it is the first and best of family laxatives, for which no extravagant or unreasonable claims are made.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world- wide acceptance as the most excellent family laxative. As its pure laxative principles, obtained from Senna, are well known to physicians and the Well Informed of the world to be the best we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of—Syrup of Figs—and to get its beneficial effects, always note, when purchasing the full name of the Company—California Fig Syrup Co.—printed on the front of every package, whether you call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna.

DROPPED FROM 42nd STORY.

Five-Pound Soldering Iron Fell on Man's Head—Skull Fractured.

New York, Jan. 24—Dropping from the forty-second story of the new Sin- ger building on lower Broadway Wed- nesday afternoon a red-hot five-pound soldering iron landed on the head of a mason helper who was at work on the twenty-seventh floor of the adjoin- ing building, burning and fracturing his skull. The victim, John Boyle, 36 years of age, was taken to a hos- pital in a dying condition. It was not learned who dropped the iron.

Another missile, this time from a mysterious source, in the shape of a good-sized steel bolt, crashed down through the skylight of the Fair build- ing, barely missing Assistant Postmas- ter Murray as he was walking under the glass. Whence it came is still a mystery.

Passed Bogus Certificates.

Columbus, Ga., Jan. 24—Detectives have returned from the home of Sam Walker, colored, under arrest for pass- ing bogus cleaning house certificates, bringing a large number of articles of merchandise which were identified by merchants who sold to Williams. When arrested Williams said the bo- gus certificates were given him by three white men. No clew to these men have as yet been gained.

Big Scramble for Office.

Albany, Ga., Jan. 24.—To date there are in Dougherty county eleven candidates for tax collector, two for tax receiver, two for judge of the city court, three for solicitor of the city court, and one each for sheriff, or- dinary, clerk and treasurer. The primary takes place on the 31st in- stant.

"WHAT IF?"

A Republican politician speaking at an Omaha banquet board demanded: "What would have happened if the Democratic party had been in power during the recent financial crisis?"

The Omaha World-Herald answered the question in this vigorous fashion:

"If the Democratic party had been in power the Government might have taxed the people to pay interest on money donated for the free and unrestricted use of the Wall Street gamblers!

"If the Democratic party had been in power the United States treasury might have been stripped of all its cash, and the cash have been given, interest free, to those same Wall Street gamblers, that they might lend it out, at exorbitant interest, to the people who had paid it into the treasury and to whom it belonged!

"If the Democratic party had been in power the United States might have tottered into the yawning chasm of utter and irretrievable ruin unless John D. Rockefeller and J. Pierpont Morgan had generously stepped to the front to save it just as it was toppling over the brink!

"If the Democratic party had been in power men might have been thrown out of work, mills might have closed, wages might have been reduced, guardians of the national honor might have committed suicide, and a hundred thousand homeless and hungry men might be tramping the streets of New York.

"Worse than that! Cows would refuse to give milk, hens to lay eggs, the sun to shine, the rain to fall, the crops to grow, the trains to run, the country would have been devastated by fire and flood and earthquake; in the Stygian darkness of the noonday streets men would have crouched in despair before the closed portals of their establishments, fearing to raise their heads and dreading to look into one another's eyes!

"It would have been fierce, and no mistake, if the Democratic party had been in power!"

Hon. Park M. Trammell of Lakeland, who a short time ago withdrew from the race for United States Senator, has again decided he wants an office, and last week he announced that he was a candidate for the office of Attorney-General of the State against Hon. W. H. Ellis. He is an able lawyer, and will undoubtedly make a good run, and if elected would fill the office with credit. However, he is up against a hard proposition in his effort to win out over Col. Ellis, the present incumbent—almost as tough a proposition as he was against in the Senatorial race.—Fort Pierce News.

Want advertisers rely so much upon the "getting" and "selling" power of the little ads. that they come to look upon most of the incidents, disappointments and "upsets" of the day as matters easily remedied and adjusted.

E. W. Irvine of Lake City, candidate for railroad commissioner, has promulgated the best platform of any of the candidates so far announced for that position. It will be a "vote-getter" in all sections.

THE TRUTH OF HISTORY.

(Live Oak Democrat.)

We all saw the dispatch which went the rounds of the papers the other day, stating that Lewis Lindsey, a Richmond Virginia, negro, who sat on the jury which tried Jefferson Davis, had just died in that city, aged 63. Many of us knew that it was pure fiction that the negro had been on any such jury, but many more who have come to maturity since those days, did not know it. In the last issue of The Bartow Courier-Informant General Law, who helped to make history in the great war, takes this dispatch as the text for a strong article, not only showing how false the story is, but giving additional facts which should be thoroughly known all over this country, North and South, in the interest of the historical truth and justice. From that article we take the following:

"Mr. Davis was ready and anxious to be tried, but the Government was not ready for trial. It never intended that the Confederate cause should be vindicated before the world as it would have been then and has been since, in the eyes of all fair-minded students of history, even in the North. Horace Greeley, Gerritt Smith, Cornelius Vanderbilt and other noted Northern abolitionists rushed down to Richmond and made a bond of $100,000 for his appearance before the court when summoned. But he was never summoned. They didn't want him. He was the kind of criminal (!!!) they feared and were glad to let go. They preferred to stand off and blacken his character and his cause through their newspapers, their magazines and their histories. Until his death, a quarter of a century later, he stood as a mark for all the shafts of enmity and malice aimed at his cause, his country and his people. But for this, his country-men of the South only gathered closely around him as, venerable alike in years and honor, he stood among them like some tall mountain peak whose snow-crowned head reflecting the light of a glorious pact caught also the first rays of that sun of righteousness and justice in whose light the future generations will read his among 'the immortal names that were not born to die.' After a long and thorough investigation by the authorities at Washington, in which Chief Justice Chase and the most eminent legal authorities of the country took part, it was decided that the charge of treason could not be maintained, and the case against Mr. Davis was nolle prossed in December, 1868. Thus ended Jefferson Davis' 'trial.'"

Senator Tillman offered a resolution which has been adopted by the Senate directing the Interstate Commerce Commission to inform the Senate whether any corporations engaged in interstate commerce are the owners of any stock of other corporations which are transporting passengers and freight. If so, the commission is further directed to transmit a statement showing the extent and details of such ownership, so far as the facts now appear in the office of commission, and to state in what cases the corporations whose stock is so owned have been competitors for traffic with the corporation owning their stock. When Mr. Tillman first presented this resolution Senator Aldrich offered an objection to its consideration, but this he withdrew, and it was adopted by the Senate.

WHO WILL BUY?

P. J. Hanley of Washington, Ia., has prepared and sent to The Commoner the following interesting matter which he suggests that Republican politicians might use as a hand bill:

PUBLIC SALE.

Our lease with Uncle Sam having practically expired, and having decided to quit the business and retire to private life, we, the undersigned, will offer at public sale at out residence, at the Capitol in Washington, D. C., commencing on the second day of December, 1907, the following described property, towit:

One elephant, about forty-five years old.

One financial panic, old enough to be weaned.

One Republican platform, the same being somewhat rotten.

One big stick.

One Republican machine, the same being somewhat out of repair.

One financial system.

Fifty million Teddy Bears; and other articles too numerous to mention.

Terms of sale, cash,

G. O. P., OWNERS.

Rockefeller & Morgan, Clerks.

Wall Street, Auctioneer.

While it is believed by many that most of the above mentioned articles will be purchased as relics by the standpatters, still I have been informed on good authority that it is the earnest desire of the G. O. P. that the Democratic party be present at the sale and thus show their interest and goodwill in the same, even though they don't see anything which they care to purchase.—Bryan's Commoner.

Just before the train re. hed Jacksonville last Saturday Mrs. Sterling went into the ladies' retiring room of the Pullman car, and removed her jewelry. When she had finished her ablutions Mrs. Sterling left the room, and incidentally her diamonds, and the loss was not discovered until after the car had been taken to the wash rack at Jacksonville. A search was at once made, but the articles had been found and made way with. The loss was reported to the Jacksonville police and a liberal reward will be paid for the return of the jewelry.—Miami Metropolis.

A Most Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts from native medicinal roots and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherry-bark, Bloodroot, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, hang-on chronic coughs, bronchial and throat troubles and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering hang-on coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures.

Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago, says of glycerine:

"In dyspepsia it serves an excellent purpose. Holding a fixed quantity of the peroxide of hydrogen in solution, it is one of the best manufactured products of the present time in its action upon enfeebled, disordered stomachs, especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric (stomach) acidity."

"Golden Medical Discovery" enriches and purifies the blood curing blotches, pimples, eruptions, scrofulous swellings and old sores, or ulcers.

Send to Dr. R. V. Pierce, of Buffalo, N. Y., for free booklet telling all about the native medicinal roots composing this wonderful medicine. There is no alcohol in it.

CONCERT DANCER MURDERED.

Police Searching for Man Believed To Be Connected with Crime.

Chicago, Jan. 24.—Miss Catherine Cartright, a concernt dancer and singer, was found shot to death in her room at 92 Wells street early Thursday.

The police are searching for James McGee in connection with the murder. McGee had been attentive to the woman for some time. Only recently, it is said, he fired several shots at another man whom he believed to be a rival for her affections. For this offense he was arrested, but was out on bond and the case was on the court call for Thursday.

Why

Should your baby suffer? When he is fretful and restless, don't experiment on him and use any old thing your neighbor recommends. Buy a bottle of White's Cream Vermifuge, greatest known worm medicine and cure for children's diseases. It is mild in its action, builds up the system, makes thin, puny babies fat. Mrs. J. C. Smith, Tampa, Fla., writes: "My baby was thin and sickly, could not retain its food and cried all night. I used one bottle of White's Cream Vermifuge and in a few days baby was laughing, happy and well." Sold by W. W. Johnson.

Probable Case of Murder.

Atlanta, Jan. 24.—Tuesday morning the dead body of a negro was found on the tracks of the Atlanta and West Point railroad, at Red Oak, which is about 13 miles from Atlanta. The negro had been struck by several trains and was horribly mangled. An absence of blood where he had been run over by the trains led to the belief that the negro had been murdered and placed on the track the night before. A close examination revealed the fact that he had been stabbed, his throat cut and also shot in the left shoulder.

HAIR NATURALLY ABUNDANT.

When It Is Free of Dandruff, It Grows Luxuriantly.

Hair preparations and dandruff cures, as a rule, are sticky or irritating affairs that do no earthly good. Hair, when not diseased, grows naturally, luxuriantly. Dandruff is the cause of nine-tenths of all hair trouble, and dandruff is caused by a germ. The only way to cure dandruff is to kill the germ; and, so far, the only hair preparation that will positively destroy the germ is Newbro's Herpicide—absolutely harmless, free from grease, sediment, dye matter or dangerous drugs, it allays itching instantly; makes hair glossy and soft as silk. "Destroy the cause, you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

SERIOUS CHARGES AGAINST PREACHER

Charges of Seduction Brought Against Rev. N. J. Williams.

DICKERSON TALKED FOR HIM

And by His Clever Work Succeeded in Vindicating the Preacher by an Overwhelming Vote—Central Florida Conference Still Continues.

Notwithstanding the cold wave, the morning session of the Central Florida Conference had quite a number of spectators Friday.

The preliminary devotion and reading of minutes characterized the opening of this session.

The great educational effort of the Rev. S. Timothy Tice, D. D., of Tampa, at the Thursday evening session, was the principal topic of discussion among the brethren. Friday morning seventy dollars were collected for educational purposes.

The hearing of reports from the Dunnellon and Gainesville districts consumed the greater portion of the morning session. Having had the reports from these districts, the committee reported $1,527.46 for education.

Mrs. J. H. Collett of Philadelphia addressed the conference in the interest of the publication department, of which she is a representative. The conference presented Mrs. Collett with a donation of $16.81 for the new symplex typesetter, recently installed at the Philadelphia publishing house of the A. M. E. connection.

Charges of seduction were presented against Rev. N. J. Williams at the morning session, but Rev. J. H. Dickerson and others took the side of defense and proved that the charges were irregular. For that reason Rev. J. H. Dickerson moved, inasmuch as the charges were improperly drawn, and that the said N. J. Williams was wrongly suspended; that the punishment was greater than the crime and that the sentence rest at this conference. The conference sustained the motion of Dr. Dickerson, 64 to 4.

The Rev. S. A. Williams, pastor of Mt. Zion A. M. E. church, Jacksonville, is also in attendance at the conference.

The Central Florida Conference is composed of quite an array of intelligent young men, including some who completed literary and theological courses at Howard University, Wilberforce, Edwards-Waters, and other leading schools.

Friday night was missionary mass meeting at the conference, with Rev. R. T. Gordan the principal speaker. In the earlier portions of the day, first, second, third and fourth-year classes met and were examined by their committees.

Bishop Tanner presides with his usual dignity and impartiality, and the brethren think best that he return for the next quadrenium, as he will better understand the affairs of Florida than a new bishop.

Bishop Tanner stated that an executive session would be called at 3 p. m. to consider some matters for the best interest of the church.

Saturday will be spent in hearing committee reports, as all reports from the churches have about been made.

All the Gold IN GEORGIA Could not Buy-

Roding, Ga. August 27, 1906.
Messrs. E. C. DeWitt & Co.,
Chicago, Ills.

Gentlemen:—
In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuits, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic.
May you live long and prosper.
Yours very truly,
C. K. CORNELL.

"Bring me that beefsteak potpie"—

"Yassah," said the dining car waiter, listening near by.

"And bring me some of those French peas"—

"Yassah; but boss, maybe you all don't know dey's French peas in dat pie."

"No, I didn't. Thanks, George. And—ah—and—ah, then bring me some potatoes."

"Yassah, boss; but maybe you all didn't know dey's tatehs, too, in dat pie."

"No, I didn't. Thanks again, George. It's mighty nice of you to keep me from buying a lot of stuff I wouldn't want."

"Yassah, Ah reckon it's mahty nice o' me t' do dat, boss. Ah's seen so many, m-a-n-y people—nice gemmens, lak you all—waste money fo' veg'tables dat might jus' as well 'a' been handed over to th' waiteh. Yassah, Ah sho' has."—Judge.

Bacteria in Butter.

"Bacteriologists have shown us that ordinary butter is swarming with germs," declares Good Health. "A single teaspoonful of milk generally contains from 2,000,000 to 10,000,000 germs. The number may even be much larger than this. In the removal of cream from the milk the germs are taken with it, and in the process of churning the germs are collected with the fat, so in the butter we have the concentration of a large part of the germs contained in the milk from which the butter was derived. So in a pound of butter derived from twenty pints of milk the number of bacteria must be almost beyond estimate. A brief computation will show that the number of bacteria contained in a pound of butter might easily reach the enormous sum of five to ten billions."

An Insidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble, as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCollum & Co.

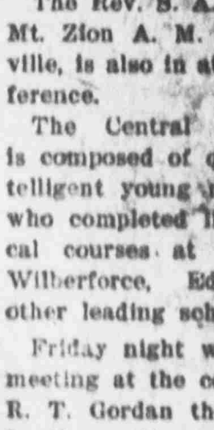
Costs of Office.

On the day after his election the chief magistrate of a certain town in the Midlands who enjoys the reputation of being rather "near" in money matters was asked for a subscription to the local football club.

"I really can't do it," he replied. "Just look at the outlay I've already been put to through accepting office!" And he produced a small ledger inscribed on the cover "Mayoralty Expenses." On the top line of the first leaf the page was the entry, "Dress suit, £5."—Manchester Evening News.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.



It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its work.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

VANDERBILT-SZECHENYI.

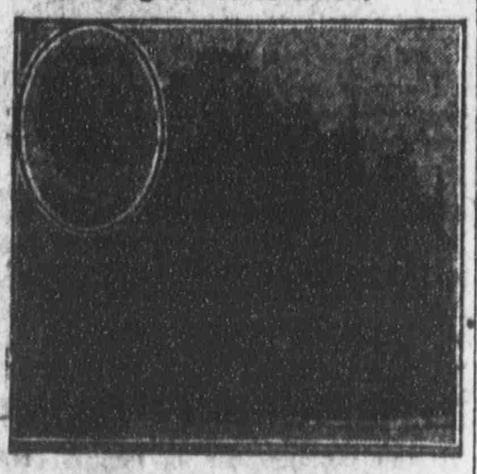
Approaching Nuptials in New York. $1,000,000 in Wedding Presents.

New York, Jan. 24.—Private detectives have been engaged to guard the Vanderbilt residence on Fifth avenue, where, on Monday, the wedding of Miss Gladys Vanderbilt and Count Laszlo Szechenyi will take place.

COUNT SZECHENYI'S BRIDE.

The wedding presents, which have already been received, are valued at approximately $1,000,000.

Two uniformed detectives will be on guard outside the house day and night and a plain clothes officer will be constantly on guard in or about the room where the gifts are exhibited.



THE COUNT AND THE NEW YORK HOME OF THE BRIDE.

It is stated that less than two hundred guests will attend the ceremonies, which will take place in the ball room of the residence at 11 o'clock in the morning. A wedding breakfast will be served at noon. A party, including Countess and Count Denis Szechenyi and Count Paul Esterhazy, who are to attend the wedding, left here Wednesday night in Alfred G. Vanderbilt's private car to visit Niagara Falls. The party will remain at the falls for two or three days.

Talking Through the Nose.

So called "talking through the nose" is not talking through the nose at all, but rather failure to do so—that is, instead of letting the tone flood into the nasal cavity, to be re-enforced there by striking against the walls of the cavity, which act as sounding boards for the tone confined within that cavity, we shut off the cavity and refuse the tone its natural re-enforcement. It takes on as a result a thin, unresonant quality which we call nasal, although it is thin and unpleasing because it lacks true nasal resonance. The only remedy lies in ceasing to shut off the cavity.—Katherine Jewell Everts in Harper's Bazar.

Frog's Narrow Escape.

A correspondent writes: "My son, aged ten and a half years, was working in the garden when a viper about two feet long glided past him. A good shot with a stone about the size of a cricket ball broke the reptile's spine, while a sharp edge of the granite cut open the belly, thereby restoring to freedom a frog, which hopped out of its prison unhurt."—Madras Mail.

Speaking.

"Did you think Miss Jawkins has speaking eyes?"

"I'm sure I don't know," replied the young lady. "If she had, her mouth wouldn't give them a chance to be heard."—Chicago Record-Herald.

Coca-Cola ANALYZED

All over the U. S. and in foreign countries the remarkable popularity of Coca-Cola has drawn upon itself the attention and in some cases the criticism of Health and Pure Food Authorities. As a direct consequence Coca-Cola has been carefully analyzed in every section by the most eminent chemists, and never in a single instance has a derogatory report been returned. In fact the consensus of findings is that "THERE IS ABSOLUTELY NOTHING IN COCA-COLA ANY MORE HARMFUL THAN IS FOUND IN TEA OR COFFEE."

British America Indians.

A French titled lady made a trip that took her 1,000 miles beyond civilization in the far northern districts of British America. She went forth accompanied by only two Indian guides and penetrated to the sixtieth parallel, riding astride, tramping, paddling in light canoes, floating down treacherous, rock picketed rapids in clumsy native barges and for one period of two weeks seeing no human being except her two Indian servants. "The Indians in that region are very superstitious, very ungrateful, very independent, but very honest. I invited a chief to have luncheon with me. He refused. To eat in company with a woman would degrade him. He would lose caste with his tribe. In another part of the country I had some Indians and their squaws on an expedition. But the Indians would not permit me to shoot any game. One of the traditions of the tribe, left by some old medicine man long since dead, was that if a woman were ever permitted to shoot moose or elk game would become scarce and the squaws would become powerful and master the men. I offered them $10 for every shot I might make, but money was no inducement."—San Francisco Chronicle.

CHINESE TIDBITS.

e Way Vegetables and Meats Are Preserved by the Natives.

In China turnips, several varieties of bbage and seaweed are often prepar- for winter by giving them a coat of lt and drying in the sun. A vegeta- e resembling cabbage is sometimes ied in the sun without salt and put way in shallow baskets until ready or use. They have a way also of mak- g a kind of sauerkraut very much as mericans do. The treatment of cer- in vegetables in this way is a com- on practice. The best native hams ome from a region known as the Kin- ua district, in Chekiang province. The ams when dressed and ready for cur- g are carefully placed in vats. A ind of pickle is then prepared of salt, water and a sauce from the soy bean, which is poured over the fresh hams. After the hams have been in the pickle sufficient length of time they are tak- n out and hung up to dry and occa- ionally, but not often, smoked, when they are ready for the market. Some- times a little nitrate of potash is also added to help preserve them, but this addition is the exception and not the rule. It is reported that in the south hams are cured by means of an alkaline earth and common salt, but so far as can be learned no earth of any kind is employed in the middle and northern provinces. The famous pickled eggs of China are preserved with a pickle made of common mud, salt, saltpeter and soy bean sauce, all mixed together. The eggs are coated with a plaster of this mixture and laid away until ripe, when they are ready for the table. Prepared in this way they will keep several months.

PAPER MAKING IN KOREA.

Hermit Kingdom Supplies Best to China and Japan.

It is not generally known that the best kinds of paper met with in China and Japan are the product of Korea. It is claimed by many that the Korean paper excels the very best that is made in China and Japan. It is produced entirely by manual labor and without the use of any machinery. The raw material used for the better kinds is obtained from the bark of the Prous- sonetia papyrifera, which is collected in the spring and beaten in water con- taining a large admixture of wood ashes until reduced to a thick pulp.

This is taken in large ladles and spread upon frames of bamboo so as to form thin sheets. Another kind of paper is made from old scraps trodden into pulp, much in the same way that grape juice is extracted in some coun- tries, and, though this mode of pulp- ing is slow, it has the advantage of not breaking the fiber so much as when machinery is used.

After the pulp has been made into paper the sheets are piled up to a height of six feet and then cut into pieces, to be again subjected to the stamping with the feet. At the same time the roots and seeds of a plant called tackpoul are added, the soluble parts of which are supposed to give tenacity and toughness to the paper.—Exchange.

Reminded Him.

A negro pastor was warming up to the climax of his sermon, and his au- ditors were waxing more and more excited.

"I wahns yer, O my congregashun," exclaimed the exhorter—"I wahns yer against de sin uv fightin'; I wahns yer against de sin of whisky drinkin' an' de sin uv chicken robbin', an' I wahns yer, my brefdern, against de sin uv melon stealin'."

A devout worshiper in the rear of the church jumped to his feet and snapped his fingers excitedly.

"Whuffo does yer, my brudder, rar up an' snap yo' fingers when I speaks uv melon stealin'?" asked the preach er.

"Kaze yo' jes' minds me whar I lef' mah overcoat," replied the devout wor- shiper as he hurried off.

A Poor Prophet.

Conan Doyle told of an experience which he had when leaving school. His teacher must have been one of those noble old Romans such as Thack- eray describes as roaring at young Pendennis when the major, his uncle, called to take the boy away. When Conan Doyle had finished his course in school the head master called him aside and, after eying him with ominous dis- favor, spoke to him in measured tones as follows: "Doyle, I have known you now for seven years, and I know you thoroughly. I am going to say some- thing which you will remember in aft- er life. Doyle, you will never come to any good!"—Bookman.

Carrie Nation

Certainly smashed a hole in the bar-rooms of Kansas, but Ballard's Horehound Syrup has smashed all rec- ords as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. H.——, Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Bal- lard's Horehound Syrup. I have used it for years." Sold by W. M. Johnson.

ONLY A TRAMP.

Raising the Curtain For a Moment on One of Life's Tragedies.

A recent incident which holds in its simple outlines the possibility of past tragedy is described in the New York Times. It is another illustration of how careless the world is of the indi- vidual and how thick is the cloak which one may wrap about his per- sonality. Not long ago a laborer em- ployed by the Erie railroad in Jersey City was run over by a train and had his leg cut off.

A policeman telephoned for an am- bulance. The injured man lay on a grass patch, apparently bleeding to death. Just then a typical railroad tramp in dirty rags sauntered along. He tapped a policeman's elbow.

"May I ask what's the matter, offi- cer?" he inquired.

"Man bleeding to death," replied the policeman.

"Would you mind if I looked at him?" asked the tramp. "I might be of service."

"Go ahead," responded the officer.

Bending low over the wounded la- borer, the tramp asked for water to wash his hands and then begged the crowd for clean handkerchiefs. With a half dozen deft, rapid twists he made a tourniquet and stopped the flow of blood.

"Are you a doctor?" some one asked as the man slipped away through the crowd.

"I used to be," he replied as he hur- ried off.

Patriotism in the Making.

Patriotism in New York is cosmopoli- tan. They have a flag drill in the schools in which the children of every race and clime, as the hymn book says, are taught to salute the stars and stripes and give "their heads, their hands and their hearts to their country." And in some of the big downtown schools you may see chil- dren from homes German, Italian, Syrian, Scandinavian, Jewish, Hunga- rian, Chinese, Armenian, Greek and heaven knows how many other nation- alities all joining in this picturesque ceremony. It gives one a realizing sense of the variety of material which it put into this crucible we call a city and which in another generation or two will be simply American.—Boston Transcript.

SERIOUS CHARGES AGAINST PREACHER

Charges of Seduction Brought Against Rev. N. J. Williams.

DICKERSON TALKED FOR HIM

And by His Clever Work Succeeded in Vindicating the Preacher by an Overwhelming Vote—Central Florida Conference Still Continues.

Notwithstanding the cold wave, the morning session of the Central Florida Conference had quite a number of spectators Friday.

The preliminary devotion and reading of minutes characterized the opening of this session.

The great educational effort of the Rev. S. Timothy Tice, D. D., of Tampa, at the Thursday evening session, was the principal topic of discussion among the brethren. Friday morning seventy dollars were collected for educational purposes.

The hearing of reports from the Dunnellon and Gainesville districts consumed the greater portion of the morning session. Having had the reports from these districts, the committee reported $1,227.46 for education.

Mrs. J. H. Collett of Philadelphia addressed the conference in the interest of the publication department, of which she is a representative. The conference presented Mrs. Collett with a donation of $16.81 for the new sympiex typesetter, recently installed at the Philadelphia publishing house of the A. M. E. connection.

Charges of seduction were presented against Rev. N. J. Williams at the morning session, but Rev. J. H. Dickerson and others took the side of defense and proved that the charges were irregular. For that reason Rev. J. H. Dickerson moved, inasmuch as the charges were improperly drawn, and that the said N. J. Williams was wrongly suspended; that the punishment was greater than the crime and that the sentence rest at this conference. The conference sustained the motion of Dr. Dickerson, 64 to 4.

The Rev. S. A. Williams, pastor of Mt. Zion A. M. E. church, Jacksonville, is also in attendance at the conference.

The Central Florida Conference is composed of quite an array of intelligent young men, including some who completed literary and theological courses at Howard University, Wilberforce, Edwards-Waters, and other leading schools.

Friday night was missionary mass meeting at the conference, with Rev. R. T. Gordan the principal speaker. In the earlier portions of the day, first, second, third and fourth-year classes met and were examined by their committees.

Bishop Tanner presides with his usual dignity and impartiality, and the brethren think best that he return for the next quadrenium, as he will better understand the affairs of Florida than a new bishop.

Bishop Tanner stated that an executive session would be called at 3 p. m. to consider some matters for the best interest of the church.

Saturday will be spent in hearing committee reports, as all reports from the churches have about been made.

All the Gold IN GEORGIA Could not Buy-

Roding, Ga. August 27, 1906.
Messrs. E. C. DeWitt & Co.,
Chicago, Ills.

Gentlemen:—
In 1897 I had a disease of the stomach and bowels. Some physicians told me it was Dyspepsia, some Consumption of the Lungs, others said consumption of the Bowels. One physician said I would not live until Spring, and for four long years I existed on a little boiled milk, soda biscuit, doctors' prescriptions and Dyspepsia remedies that flooded the market. I could not digest anything I ate, and in the Spring 1902 I picked up one of your Almanacs as a poor emaciated Dyspepsia wreck will grasp at anything, and that Almanac happened to be my life saver. I bought a fifty cent bottle of KODOL DYSPEPSIA CURE and the benefit I received from that bottle ALL THE GOLD IN GEORGIA COULD NOT BUY. I kept on taking it and in two months I went back to my work, as a machinist, and in three months I was well and hearty. I still use a little occasionally as I find it a fine blood purifier and a good tonic.
May you live long and prosper.
Yours very truly,
G. N. CORNELL.

"Bring me that beefsteak potpie"—

"Yassah," said the dining car waiter, listening near by.

"And bring me some of those French peas"—

"Yassah; but boss, maybe you all don't know dey's French peas in dat pie."

"No, I didn't. Thanks, George. And—ah—and—ah, then bring me some potatoes."

"Yassah, boss; but maybe you all didn't know dey's tatehs, too, in dat pie."

"No, I didn't. Thanks again, George. It's mighty nice of you to keep me from buying a lot of stuff I wouldn't want."

"Yassah, Ah reckon it's mahty nice o' me t' do dat, boss. Ah's seen so many, m-a-n-y people—nice gemmens, lak you all—waste money fo' veg'tables dat might jus' as well 'a' been handed over to th' waiteh. Yassah, Ah sho' has."—Judge.

Bacteria in Butter.

"Bacteriologists have shown us that ordinary butter is swarming with germs," declares Good Health. "A single teaspoonful of milk generally contains from 2,000,000 to 10,000,000 germs. The number may even be much larger than this. In the removal of cream from the milk the germs are taken with it, and in the process of churning the germs are collected with the fat, so in the butter we have the concentration of a large part of the germs contained in the milk from which the butter was derived. So in a pound of butter derived from twenty pints of milk the number of bacteria must be almost beyond estimate. A brief computation will show that the number of bacteria contained in a pound of butter might easily reach the enormous sum of five to ten billions."

An Insidious Danger.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble, as it corrects irregularities and prevents Bright's disease and diabetes. J. W. McCollum & Co.

Costs of Office.

On the day after his election the chief magistrate of a certain town in the Midlands who enjoys the reputation of being rather "near" in money matters was asked for a subscription to the local football club.

"I really can't do it," he replied. "Just look at the outlay I've already been put to through accepting office!" And he produced a small ledger inscribed on the cover "Mayoralty Expenses." On the top line of the first inside page was the entry, "Dress suit, £7."—Liverpool Newspaper.

Often The Kidneys Are Weakened by Over-Work

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order you can understand how quickly your entire body is affected and how every organ seems to fail to do its work.

When you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

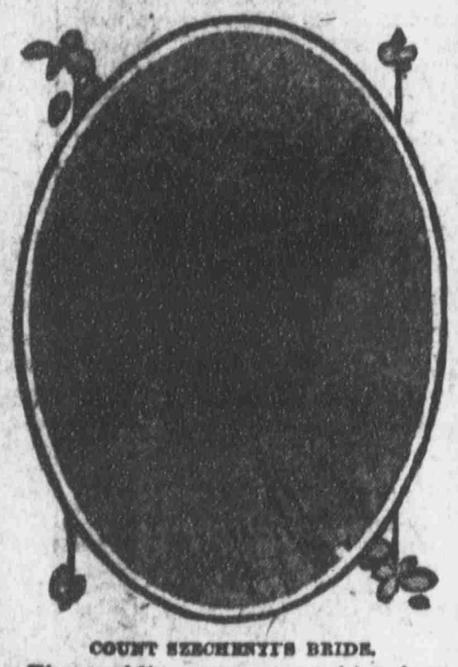
VANDERBILT-SZECHENYI.

Approaching Nuptials in New York. $1,000,000 in Wedding Presents.

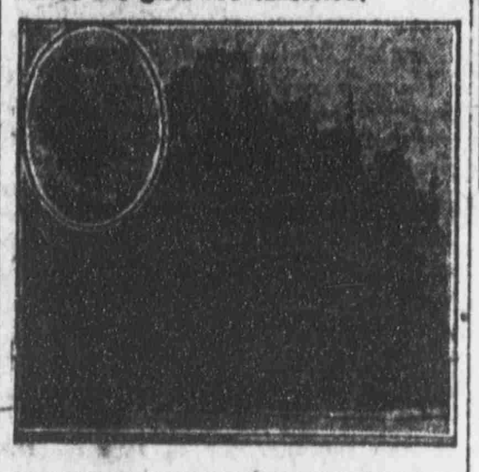
New York, Jan. 24.—Private detectives have been engaged to guard the Vanderbilt residence on Fifth avenue, where, on Monday, the wedding of Miss Gladys Vanderbilt and Count Laszlo Szechenyi will take place.



COUNT SZECHENYI'S BRIDE.

The wedding presents, which have already been received, are valued at approximately $1,000,000.

Two uniformed detectives will be on guard outside the house day and night and a plain clothes officer will be constantly on guard in or about the room where the gifts are exhibited.



THE COUNT AND THE NEW YORK HOME OF THE BRIDE.

It is stated that less than two hundred guests will attend the ceremonies, which will take place in the ball room of the residence at 11 o'clock in the morning. A wedding breakfast will be served at noon. A party, including Countess and Count Denlis Szechenyi and Count Paul Esterhazy, who are to attend the wedding, left here Wednesday night in Alfred G. Vanderbilt's private car to visit Niagara Falls. The party will remain at the falls for two or three days.

Talking Through the Nose.

So called "talking through the nose" is not talking through the nose at all, but rather failure to do so—that is, instead of letting the tone flood into the nasal cavity, to be re-enforced there by striking against the walls of the cavity, which act as sounding boards for the tone confined within that cavity, we shut off the cavity and refuse the tone its natural re-enforcement. It takes on as a result a thin, unresonant quality which we call nasal, although it is thin and unpleasing because it lacks true nasal resonance. The only remedy lies in ceasing to shut off the cavity.—Katherine Jewell Everts in Harper's Bazar.

Frog's Narrow Escape.

A correspondent writes: "My son, aged ten and a half years, was working in the garden when a viper about two feet long glided past him. A good shot with a stone about the size of a cricket ball broke the reptile's spine, while a sharp edge of the granite cut open the belly, thereby restoring to freedom a frog, which hopped out of its prison unhurt."—Madras Mail.

Speaking.

"Did you think Miss Jawkins has speaking eyes?"

"I'm sure I don't know," replied the young lady. "If she had, her mouth wouldn't give them a chance to be heard."—Chicago Record-Herald.

Coca-Cola ANALYZED

All over the U. S. and in foreign countries the remarkable popularity of Coca-Cola has drawn upon itself the attention and in some cases the criticism of Health and Pure Food Authorities. As a direct consequence Coca-Cola has been careful y analyzed in every section by the most eminent chemists, and never in a single instance has a derogatory report been returned. In fact the consensus of findings is that "THERE IS ABSOLUTELY NOTHING IN COCA-COLA ANY MORE HARMFUL THAN IS FOUND IN TEA OR COFFEE."

British America Indians.

A French titled lady made a trip that took her 1,600 miles beyond civilization in the far northern districts of British America. She went forth accompanied by only two Indian guides and penetrated to the sixtieth parallel, riding astride, tramping, paddling in light canoes, floating down treacherous, rock picketed rapids in clumsy native barges and for one period of two weeks seeing no human being except her two Indian servants. "The Indians in that region are very superstitious, very ungrateful, very independent, but very honest. I invited a chief to have luncheon with me. He refused. To eat in company with a woman would degrade him. He would lose caste with his tribe. In another part of the country I had some Indians and their squaws on an expedition. But the Indians would not permit me to shoot any game. One of the traditions of the tribe, left by some old medicine man long since dead, was that if a woman were ever permitted to shoot moose or elk game would become scarce and the squaws would become powerful and master the men. I offered them $10 for every shot I might make, but money was no inducement."—San Francisco Chronicle.

CHINESE TIDBITS.

e Way Vegetables and Meats Are Preserved by the Natives.

In China turnips, several varieties of bbage and seaweed are often prepar- for winter by giving them a coat of lt and drying in the sun. A vegeta- e resembling cabbage is sometimes ied in the sun without salt and put way in shallow baskets until ready r use. They have a way also of mak- g a kind of sauerkraut very much as mericans do. The treatment of cer- in vegetables in this way is a com- on practice. The best native hams ome from a region known as the Kin- ua district, in Chekiang province. The ams when dressed and ready for cur- ng are carefully placed in vats. A ind of pickle is then prepared of salt, water and a sauce from the soy bean, which is poured over the fresh hams. After the hams have been in the pickle sufficient length of time they are tak- n out and hung up to dry and occa- sionally, but not often, smoked, when they are ready for the market. Some- times a little nitrate of potash is also added to help preserve them, but this addition is the exception and not the rule. It is reported that in the south hams are cured by means of an alkaline earth and common salt, but so far as can be learned no earth of any kind is employed in the middle and northern provinces. The famous pickled eggs of China are preserved with a pickle made of common mud, salt, saltpeter and soy bean sauce, all mixed together. The eggs are coated with a plaster of this mixture and laid away until ripe, when they are ready for the table. Prepared in this way they will keep several months.

PAPER MAKING IN KOREA.

Hermit Kingdom Supplies Best to China and Japan.

It is not generally known that the best kinds of paper met with in China and Japan are the product of Korea. It is claimed by many that the Korean paper excels the very best that is made in China and Japan. It is produced entirely by manual labor and without the use of any machinery. The raw material used for the better kinds is obtained from the bark of the Prous- sonetia papyrifera, which is collected in the spring and beaten in water con- taining a large admixture of wood ashes until reduced to a thick pulp.

This is taken in large ladles and spread upon frames of bamboo so as to form thin sheets. Another kind of paper is made from old scraps trodden into pulp, much in the same way that grape juice is extracted in some coun- tries, and, though this mode of pulp- ing is slow, it has the advantage of not breaking the fiber so much as when machinery is used.

After the pulp has been made into paper the sheets are piled up to a height of six feet and then cut into pieces, to be again subjected to the stamping with the feet. At the same time the roots and seeds of a plant called tackpoul are added, the soluble parts of which are supposed to give tenacity and toughness to the paper.—Exchange.

Reminded Him.

A negro pastor was warming up to the climax of his sermon, and his au- ditors were waxing more and more excited.

"I wahns yer, O my congregashun," exclaimed the exhorter—"I wahns yer against de sin uv fightin'; I wahns yer against de sin of whisky drinkin' an' de sin uv chicken robbin', an' I wahns yer, my breddern, against de sin uv melon stealin'."

A devout worshiper in the rear of the church jumped to his feet and snapped his fingers excitedly.

"Whuffo does yer, my brudder, r'ar up an' snap yo' fingers when I speaks uv melon stealin'?" asked the preach er.

"Kaze yo' jes' minds me whar I lef' mah overcoat," replied the devout wor- shiper as he hurried off.

A Poor Prophet.

Conan Doyle told of an experience which he had when leaving school. His teacher must have been one of those noble old Romans such as Thack- eray describes as roaring at young Pendennis when the major, his uncle, called to take the boy away. When Conan Doyle had finished his course in school the head master called him aside and, after eying him with ominous dis- favor, spoke to him in measured tones as follows: "Doyle, I have known you now for seven years, and I know you thoroughly. I am going to say some- thing which you will remember in after life. Doyle, you will never come to any good!"—Bookman.

Carrie Nation

Certainly smashed a hole in the bar-rooms of Kansas, but Ballard's Horehound Syrup has smashed all rec- ords as a cure for coughs, bronchitis, influenza and all pulmonary diseases. T. C. H.——, Horton, Kansas, writes: "I have never found a medicine that would cure a cough so quickly as Bal- lard's Horehound Syrup. I have used it for years." Sold by W. M. Johnson.

ONLY A TRAMP.

Raising the Curtain For a Moment on One of Life's Tragedies.

A recent incident which holds in its simple outlines the possibility of past tragedy is described in the New York Times. It is another illustration of how careless the world is of the indi- vidual and how thick is the cloak which one may wrap about his per- sonality. Not long ago a laborer em- ployed by the Erie railroad in Jersey City was run over by a train and had his leg cut off.

A policeman telephoned for an am- bulance. The injured man lay on a grass patch, apparently bleeding to death. Just then a typical railroad tramp in dirty rags sauntered along. He tapped a policeman's elbow.

"May I ask what's the matter, offi- cer?" he inquired.

"Man bleeding to death," replied the policeman.

"Would you mind if I looked at him?" asked the tramp. "I might be of service."

"Go ahead," responded the officer.

Bending low over the wounded la- borer, the tramp asked for water to wash his hands and then begged the crowd for clean handkerchiefs. With a half dozen deft, rapid twists he made a tourniquet and stopped the flow of blood.

"Are you a doctor?" some one asked as the man slipped away through the crowd.

"I used to be," he replied as he hur- ried off.

Patriotism in the Making.

Patriotism in New York is cosmopol- itan. They have a flag drill in the schools in which the children of every race and clime, as the hymn book says, are taught to salute the stars and stripes and give "their heads, their hands and their hearts to their country." And in some of the big downtown schools you may see chil- dren from homes German, Italian, Syrian, Scandinavian, Jewish, Hunga- rian, Chinese, Armenian, Greek and heaven knows how many other nation- alities all joining in this picturesque ceremony. It gives one a realizing sense of the variety of material which it put into this crucible we call a city and which in another generation or two will be simply American.—Boston Transcript.

For Sale—I will sell my store on West Union street, on account of engaging in other business. This is a good opportunity for a lively party, and will court closest investigation. Would sell half interest to right party. A. L. Reeder.

The Gainesville Furniture Company has a change of advertisement in this issue, in which they tell the public a few things about matting, rugs and carpets. This is one of the most reliable firms of the kind in Central Florida, and it will pay those in the market for such goods to call and inspect the line.

Col. I. E. Webster, A. M. Cushman and R. T. Schafer have returned from Jacksonville, where they went to attend the ceremonies of the laying of the cornerstone of the new Masonic Temple. W. B. Higdon was also present, but will not return until today, as he was to have conferred upon him the Shriner's degree last night.

Mrs. C. H. Davies has returned from Memphis, Tenn., where she was summoned a few weeks ago on account of the serious illness of her sister, Mrs. Bettie Quinn. Her sister died while she was en route, mention of which appeared in The Sun. She was buried in McIntyre, Ga. Friends of Mrs. Davies sympathize deeply with her in this bereavement.

Wm. C. Cooper, Jr., of Jacksonville, fourth vice-president of the Florida State Federation of Labor, who has been here with his good wife in attendance upon the annual convention of the Federation, has returned to his home. Mr. Cooper, who is among the most important members of the State Federation, was promoted to the position of third vice-president at the election of officers this year, as will be noted from the proceedings of the convention elsewhere. He is a young man of great ambition, and the compliment was deserved.

NOTICE!

Have You a

"Universal"

Coffee Percolator?

If not, you should have one—if you like good coffee. Coffee made in it is easily known by its delicious aroma, its fine flavor—you don't get the bitter taste caused from boiling. IT MAKES THE BEST COFFEE because the percolating process is completed before it boils. Operates successfully on any Range, Stove or Gas Stove. Two styles; one price, $1.00. Call and see them.

BAIRD HARDWARE CO.

JEAVONS DRAMATIC COMPANY.

Will Close Week's Engagement Here Today—A Popular Aggregation.

The Jeavons Dramatic Company will close a successful week's engagement tonight.

Last night the Irish comedy-drama, "St. Patrick's Eve," was presented to a good-sized audience. Mrs. Jeavons, as Kathleen, made a very favorable impression as the Irish girl. The play was a good one, full of comic situations and startling climaxes.

A special family matinee will be given this afternoon at 2:30 o'clock, of "Daniel Boone, or, Pioneer Days of America." This well-known drama is written on the life of the great Kentucky hunter, which every school boy and girl have no doubt read, showing the burning of the cabins, Indian massacres and other startling situations in various scenes. Good singing and choruses by the company are introduced. All should take advantage of this opportunity, which may not happen again. Mr. Jeavons will give this special matinee to one and all, big and little, old and young, 10 cents only. No charge for reserved seats. Bring the little ones.

Friday's Fire Alarms.

An alarm of fire was turned in at 3:10 a. m. Friday, which summoned the department with its usual promptness to a house occupied by colored people on West Main street N. It was fortunate that the department responded promptly, as the wind was high, and a fire under the circumstances might have wrought considerable damage. However, the flames, which originated from a defective chimney, were soon subdued.

An alarm was turned in from Box 28 at 5:55 Friday evening, but, as usual from this box, proved to be a false alarm. Certain parties have been accustomed to turn in false alarms from this box, and as they are suspected, there may be some trouble some day, as the penalty for turning in false alarms is heavy.
